

Spring time Walk Sheet

Hello Rainbow Teddy boys and girls. Just a little game for you to play next time you are out for a walk with your grown-ups. We are now at the start of our season called 'Spring' and that means the wintery cold days have gone and the weather is going to be getting warmer and drier as we head towards summer time. Lots of new things grow in spring, baby chicks, lambs and new plants. See how many of these things you can see or hear when you next go on a walk, give yourselves a tick in the box if you see them and count how many. Good luck.
